Regarding: Application for JACIE Accreditation (Reaccreditation 2)

Dear Prof. Simona Sica,

The JACIE Accreditation Committee has reviewed your application (no. 791) for accreditation (**Reaccreditation 2**) of **Fondazione Policlinico Universitario A. Gemelli - Università Cattolica S. Cuore Roma, Rome, Italy**. Based on your response to the Inspection Report(s) and the Accreditation Committee's recommendations, this Committee is pleased to inform you that your programme meets the applicable requirements as set out in the FACT-JACIE International Standards for Cellular Therapy, edition 6.

Your programme is now accredited for:

- Autologous and/or Allogeneic Transplantation in Adult Patients
- Collection of HPC, Marrow
- Collection of HPC, Apheresis
- Cell Processing - minimally manipulated

Accreditation is effective from **22/02/2019** to **21/02/2023**.

The identity of accredited centres and institutions will be published on the JACIE web site and in other JACIE communications. If this accreditation is referred to in any publicity by your organisation, please be certain to specify the areas for which it is accredited.

Accredited centres are required to submit a brief annual activity report to JACIE. The JACIE Office will contact you in due course concerning this report. In addition, as part of the 4-year accreditation period, centres are subject to a focussed interim audit at the end of the second year of accreditation. More information on the interim audit is available at www.jacie.org/applicants. Centres awarded accreditation for a period less than 4 years will not be subject to the interim audit but are required to send the annual report.

You should also note that accredited centres are required to inform JACIE in a timely fashion if there are any significant changes in the programme such as the appointment of a new Programme Director, regulatory status, provision of new services not included in the scope of the most recent inspection, construction of a new facility or similar. In case of doubt, please contact the JACIE Office.

We would like to take this opportunity to offer our sincere congratulations to you and your staff for the tremendous effort you have made. It is well

recognised that the workload that a centre takes on when preparing for accreditation is significant but we are confident that you and your staff are already seeing the benefits of this investment in all aspects of your work.

Yours sincerely,

Kim Orchard
